Notice of Foreclosure.

THE subscribers hereby give public notice of their claim by a mortgage deed made to John Wiggins and George W. Pickering, by Richard Condon, July 1, 1839, recorded in the Penobscot Registry, book 62, page 233, of 66 acres of land, situate in Bangor, on the South side of the Carmel road, between land of John and James Herbert and Daniel Shaw,—being lot No. 157, of the Bussey land in said Bangor. The said George W. Pickering having conveyed his interest in said mortgage to Wiggins Hill, March 8, 1837, by his deed of assignment, recorded in said Penobscot Registry, in book 87, page 339,—the condition of which mortgage having been broken, we by reason thereof, hereby claim to foreclose the same.

J. N. THACHER'S
Hot Blast Air Tight
COOKING STOVE,
The Greatest Invention of the Age.

A New Pattern for 1849.

More than a host of competitors, THIS STOVE, *for its superior advantages*, took the first premium at the American Institute, city of New York; at the Hartford County Fair Connecticut; at the Essex Co. Fair, Massachusetts; and Franklin Institute Philadelphia.

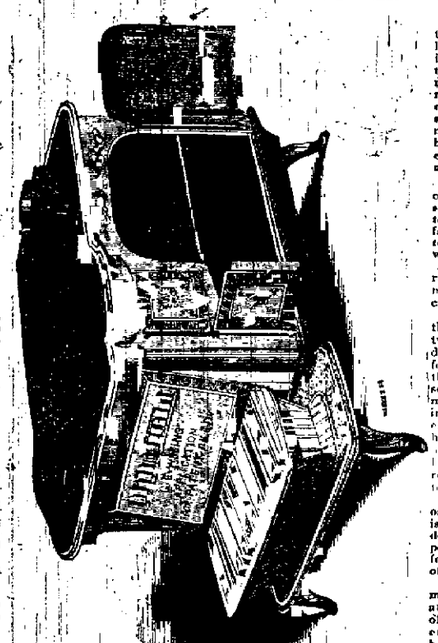

The important improvement in this Stove is the patent *Broiling Chamber*, cast out, by which to perfection in from four to six minutes, retaining its juices, and giving to steak the same delicious flavor as that of the best charcoal broil, (it being equally well adapted to toasting, roasting, &c.) with the draft to the fire-arch passing through the broiling chamber, and effectually carrying off the smoke which usually arises from Broiling. The broiling department is always ready. It being the same fire required for other purposes, and not interfering with any other part of the cooking.

The flues being that entire width, and passing directly around the oven, applies the heat to all parts alike. The oven for Baking is not equalled by any Stove in use. *Warranted as above for thirty days.*

For sale Wholesale and Retail by

HENRY A. WOOD & CO.,
Nos. 1, 2, & 3, Broad Street,...BANGOR.

REPUBLICAN-TIGHT
COOK STOVE.

THE subscribers fit, in offering their new Stove called the "Republican," of which the annexed engraving is a correct representation, to the consideration of the public, do not deem it necessary to recommend it as superior to every thing else, or a cure for all the ills of life; satisfied that persons of good judgment and correct taste will not withhold their approbation, but will, at least on trial find it all they want of a good cooking stove.

Believing that those who thoroughly examine their stove will not seek a better one, they would offer to those unacquainted with it the following reasons why they expect to obtain freely the favor of those who wish to purchase:

1. Its general economy of arrangement, comely proportions ornamental appearance, and heavy castings.

2. The particular construction of the top plate, by which either of the two front holes may be enlarged in diameter from three to four inches, for the accommodation of brass kettles, or other large-bottomed vessels, or they may be united by removing the two lid-and piece, forming an oval long enough to receive a 14 inch hole stove, thereby affording a place in the exception of an unusually large wash boiler, but at the same time removing the exposed part of the top from the intense heat of the fire.

3. A drop front door, with back air or draft, by which the oven is supplied with heated air. This door, when let down to a horizontal position, makes a convenient platform for a broiler, toasting iron, or other utensil.

4. The flues or fire-passages are much greater than in ordinary stoves, and rounded where even the direction of the current is changed, thereby ensuring a full and free draft over, behind, and under the oven, the smoke-pipe, when the dampers are closed. Or the whole force of the fire may be directed to either of the back boilers by opening one, as the other of the two openings that contain the passage from the fire to the pipe. The damper turns pass through the top plate so either side of the pipe collar. The top is made extra strong by a deep flange cast on the inside, extending from the front to the pipe collar, and, resting on the oven top, div ides the current from the fire in its passage to the descending flues, or to the exit pipe when the dampers are open.

5. The upper side of the oven top is spiculated and coated with a non conducting cement, thereby protecting the top of the oven from too intense a heat—a difficulty much complained of in reversible flue stoves.

6. The oven bottom is made thoroughly hot by the large space allowed to the flues through which the heat passes in its way to the exit-pipe, and also by the spiculæ on the flue bottom coated like the oven top with non-conducting cement, which prevents the loss of heat downwards.

Also, every description and pattern of cook stoves to be found in this market, *without any exceptions* together with every article usually kept in a stove establishment.

NOTICE.
BOOK BINDING.

I WOULD most respectfully suggest to my friends and those who have usually patronised me, that I still continue in the Binding line at the old stand called the East Side Bookstore and Bindery, now called the East Side Book Bindery, at which place I shall stick out a short time, and shall be most extremely happy to see my old friends and customers bringing in their Periodicals, Music, &c., to be bound, which shall be done in a neat and lasting manner and as cheap as any other binder in Bangor, if it is not cheaper.

P. S. Prices in correspondence with the times, and I defy competition. Come out with your prices! Specimens of binding can be seen at my bindery. Orders from the country punctually attended to.

☞ My friends and the public generally will please receive my sincere thanks for their patronage during my sojourn in this city.

Yours Respectfully,
W. E. STANWOOD.

DOCT. MARSHALL'S
Aromatic Catarrh and Headache Snuff.

THIS article in that last preparation is the world for a cold in the head, it is a radical, and all catarrhal affections.

It cleanses, strengthens, and restores to healthy action all those organs and membranous passages of the head, the obstruction of which produces pain in the forehead and region of the eyes, a sort of snuffling in the nose, a sense of matter dropping from the head into the throat, &c. All the above it cures surely and speedily, and the most confirmed cases of catarrh, it usually cures in from *to four months.*

It is also an unfailing cure for the rose bleed, if preserved in by a short time.

Sold at wholesale and retail by Druggists generally, and by David Bugbee, C. W. Ladd, Curtis & Perkins, A. P. Guild, Wm. Mann, S. McFarland, Bangor; L. S. Smith, J. W. Curtis & Co., Hampden; Chas. PATENTS.
American and Foreign Office.
AGENCY FOR BUSINESS
With U. S. Patent Office,
WASHINGTON.
NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier*; he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* year's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors, desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.
Aug. 7, 849. 3Sept 1850

GREAT IMPROVEMENT IN
Planing, Tongueing, and
Grooving Lumber.
JOSEPH P. WOODBURY'S
Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers for sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness, in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane; and is peculiarly adapted to plane and joint clapboards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving, the whole width and length of the material, and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Planing Machine, now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass.

One of the above Planing Machines may be seen in operation by calling on the Patentee.

JOSEPH P. WOODBURY,
Border Street, East Boston, Mass.

LATEST AND BEST
....IMPROVED....
Patent Bedstead.

THE Subscribers have purchased the right of manufacturing and vending HINKLEY'S IMPROVED PATENT BEDSTEAD for the city of Bangor.

This improvement is simple in its construction and consists in furnishing a substantial Bottom to Bedsteads, which shall be elastic and have all the advantages of a Slat, or Sacking Bedstead, while at the same time, it serves to secure the posts and rails compactly together, without other aid. It can be fitted to any Bedstead, *old or new*, with much less time and labor than is required to put in a cord, and when fitted, gives *good strength* and support, and keeps the Bedstead in proper shape. It cannot be doubted that this simple improvement, will, when known, take the place of every other method now in use. We can confidently recommend the above improvement to our customers and to the public, as the cheapest, most substantial and best Patent Bedstead ever introduced.

The Public are respectfully invited to call and see for themselves. SHAW & MERRILL,
m29 tf No. 66, Main Street, Bangor.

HENRY C. WILLIAMS,
No. 3, East end Kenduskeag Bridge,

HALLOWELL HOUSE,
HALLOWELL, MAINE.

THE subscriber respectfully announces to his friends and the public, that he has leased this well known Hotel, and has made many important improvements and repairs.

The house has been newly furnished throughout in a manner that will compare with any other establishment on the Kennebec. It is his determination to make it one of the best resorts for the travelling public that can be found in this section of the country.

Gentlemen with their families, and members of the State Legislature will be furnished with superior accommodations. The proprietor hopes by personal politeness and attention, to merit the support and confidence of the public. Connected with the House is a good Stable where careful and experienced Ostlers will always be in attendance.

Hallowell, March, 1849. BENJ HODGES.

FRIDAY, NOVEMBER 16, 1849.

Public Improvements.

Every good citizen feels a deep interest in what contributes to the improvement of the village in which he resides, and the health of its inhabitants. There is something unselfish in a man's devoting his time, and lending his influence to the promotion of such objects, and hence their contemporaries are wont to call such men public-spirited and enterprising.— When we pass through a town adorned with beautiful public edifices, and shaded with ancestral trees, we are favorably impressed and desire to make it our home. The churches, the school-houses, and the halls of general assemblage mark the culture of the people, and their degree of refinement. The outward sign betrays the inward thought. This is especially true in free countries where, whatever there is of excellence is mainly due to the people, whose combined action is necessary to any great undertaking, while it is not uncommon to find better public edifices, more extensive squares, and more beautiful works of art in despotic countries, because they are undertaken by the cultivated few at the expense of government, and they do not indicate the intellectual condition of the mass, but only that of the favored few.

This inferiority should cause us no pain or envy, for all history declares that a nation advances only in proportion as its civilization is broad and all-embracing in its nature. The light which God has given is to be set on a hill that all may see it. Her orators, her poets, and her statesmen strove to save Rome from her dreadful doom, but it was in vain, for she had neglected her millions of serfs who gazed upon her glorious temples with the dull eye of the savage. In vain did Greece rely upon her works of more than earthly beauty, while her Helots bled and died, unhonored and unsung. Be this truth never forgotten, that we can advance no farther than we carry our brethren along with us. In vain do we attempt to shut ourselves up in a narrow circle of exclusiveness, to create our aristocratic schools to escape the supposed contamination of the vulgar, but they will avenge themselves upon us in terrible and unheard of ways.

We neglect the education of the children in our midst, and they burn our houses and fill our jails.

Au revoir. What are the public improvements most needed at the present time? Are they such as address themselves to our taste, or are they more particularly such as the health and comfort of our people require? Both.— The magnificent ulitiarianism of the Romans should be combined with the nice sense of beauty of the Greeks. *Sanitary* improvements are most needed at present. As health is of the utmost importance, our halls, our school-houses should be amply provided with the means of ventilation. Innumerable evils follow in the train of impure air. Plagues and pestilences of all kinds, scrofulous diseases are mere questions of ventilation. A district may require ventilation as well as a building. The first thing to be done in a great town is to secure open spaces in it. Public money is scarcely ever better employed than by securing bits of waste ground, and keeping them open as spaces. Trees should be planted for shade and for ornament, and more especially to carry off the accumulated carbon, and restore the just proportions of the air. And lastly, there should be a supply of pure water. Who shall estimate the advantages to the health and comfort of the citizens of New York from the introduction of the Croton water, or of the Cochituate to the people of Boston? Of what nobler enterprise can those cities boast, than that of having circulated pure water through all her veins and arteries. Her aqueducts are to this day the proudest monuments of Rome. And to millions yet unborn they will serve to keep alive the glories of the past.

Again, we must not forget in our public works to address our taste and our sense of beauty. "A thing of beauty is a joy forever." It is a daily delight and instruction. It may perish, but its remembrance is a possession.— While a thing of ugliness is always potent for evil. If it is a public building in a great city, thousands of men pass it daily, and are made worse by it. It should be done away with.— We have buildings in this country of which we may be justly proud. Tasteful churches are rising all over New England, and the old fashioned seven by nine school-houses are giving place to handsome edifices which look to the health and comfort of their inmates. It is in vain to expect vigorous men and women, when in their tender, forming years they are suffered to breathe a pestilential atmosphere.—

Go to some of the school houses in this very city, and tell me how long you can remain in there without dizziness and headache. If then, parents, these things are so, what excuse can you render your consciences for confining your children in buildings worse than gaols.— Furnish your children with suitable accommodations, and you shall no longer pay for medical advice what you now grudge for the construction of school houses.

It is not the hard study which is breaking down the energies of the young, but it is the pestilential atmosphere which they daily breathe in the school room.

We rejoice to hear that the children of the Select School for Girls are about to be transferred to a neat and commodious building.— What large measures of health will they reap and what substantial comforts will they experience from such a change. We dare affirm that, to their teacher, who has labored so long and so faithfully with them, every hammer-stroke on their new building makes most delightful music. W.

There are a few scattering returns from Mississippi. They indicate the election of General Quitman, (dem.) for Governor and of Featherston, (dem.) in the second district to Congress. So says one authority, while another claims the election of a Whig, which is probable.

A Specimen of Aroostook Farming.

It is admitted on all hands that so far as soil is concerned the valley of the Aroostook is the garden of Maine and the only draw back to its agricultural resources has been thought to be the climate rendering the crops liable to be cut off by early frosts. For the purpose of showing that the fear of the climate is not well founded we have collected statistics of the operations and results of one farm, in that county, situated in Township No 13. Range 5, at Portage Lake.

The first clearing was made on this farm in the fall of 1844 and the first crop taken off in 1845, and corn has not failed to ripen every year upon it and it is believed that it will not fail to ripen in the county generally any year, if the proper kind of seed be selected and the planting done in season.

The produce for this year is thus stated:

70 tons of hay, $15,	$1050,00
1000 bushels of oats 50c,	500,00
200 " of barley 75c,	150,00
40 " of beans, $2,25,	90,00
1000 " potatoes, 59c,	500,00
Several hundred bushels of carrots, turnips, and some corn valued at	200,00
	$2490,00

The above are cash prices at which the lumbermen buy all the produce in that region they can get. This is the amount and value of the crop which can be spared and sold, besides what the family need for their own consumption.

There is besides made on the farm, all the butter used for the house, being a tavern, at which the average of family and travellers are twenty per day.

The proprietors of this farm not being residents upon it they are enabled to get at very definitely the cost of labor upon it. The expenditures for the year are thus stated:

Wages paid out,	750,00
Provisions for workmen and family exclusive of produce of farm,	300,00
	$1050,00

This gives us the sum of one thousand four hundred and forty dollars profit of the farm for one year, while at the same time twenty acres of land have been this year cleared for a crop next season which is estimated as a permanent improvement equal to the sum expended by the family for provisions purchased.

This land was purchased of the State at one dollar per acre, and more may be had at the same price, payable, one quarter in cash and the balance in work on roads through the township.

Results such as these cannot be expected from indifferent farming nor where there is a lack of either faith or works. They are the product of both united. It is but justice, to say that the farm to which we have referred, though owned by persons in this city, has been from the commencement in charge of Mr Mathew Stevens formerly of Athens in this State and whose skill cannot but be advantageous to the neighborhood in which he resides as well as to his fortunate employers.

The Teacher's Institute.

This is the third time the Teachers of Penobscot county have assembled for the purpose of mutual improvement. They have met together, on this occasion, not as strangers, [illegible] have been exchanged, and the flame which a year's separation has suffered to grow dim has again been kindled on the altar of friendship. They have met together for the purpose of storing their minds with useful facts and suggestions, and to elicit from each other every thing which can subserve the cause of education in our county. Who can estimate the glorious effects of such an agency as the Teachers Institute upon the youth of Penobscot? If it is our strongest desire, to secure the permanency of our free institutions, what more efficient agency for this purpose has ever been devised than that of improving our teachers and through them our youth. It is but a few years since the assembling of a body of teachers for mutual improvement was thought of, but now there is a strong *esprit du corps*, such as has existed for a long time among lawyers and doctors and ministers. Individuals can do much, but nothing can resist the force of an organization. The teachers now move in solid phalanx, grudging no time in preparing themselves to fight the battles of ignorance and vice. We have ourselves seen the fruits of this Institute. We were present at its first organization. Those fruits are seen in the better order of our schools, in the superior methods of instruction and in the devotedness of our teachers.

We know not how to deny ourselves the privilege of attending the exercises of the present institute, for it promises to be one of unusual profit. We esteem it a fortunate circumstance that the Institute has secured the services of Wm B Fowle, a gentleman of large experience and of most extensive information. The coadjutor of Horace Mann in the work of education in Massachusetts. There is no man more familiar with Institutes, no man more devoted to the cause of education. From our personal knowledge of Mr Fowle we dare affirm that no member of the Institute can absent himself from his exercises without a positive loss. Mr Rawson the popular lecturer upon physiology I understand has been induced to lend a helping hand.

Able lectures are delivered in the evening upon topics relating to education by gentlemen of great experience, and every effort seems to have been made by our excellent member of the Board for the success of the Institute. Every one speaks in warm and flattering terms of the lecture delivered the other evening by Asa Walker Esq. and that of Mr Fowle before the Lyceum was most cordially received. It is to be hoped that there will be a constant attendance at the Institute, and that teachers will not let this golden opportunity pass away unimproved. W.

A Santa Fe correspondent of the St Louis Republican states that an election has been held in New Mexico, at which Hugh Smith was chosen Delegate to Congress. He adds that Mr Smith is now on his way to take his seat in the House at the ensuing session.

The Manchester and Lawrence Railroad has been opened.

California Correspondence.

We make the following extract from a letter received in this city, from one of our citizens now in California:

San Francisco, Sept. 21, 1849.
Schooner Eudorus.

We arrived here the 15th, after a tedious passage of 214 days. For three weeks we were within three days sail of this place.— Thirty days of the passage from Rio to the Straits, we had a constant gale of wind, and were driven a long way to the Eastward, towards Good Hope.

I saw A. G. B. and W. H. to-day, just from mines. They are a little disappointed. Stories are very contradictory here—some give glowing accounts of the mines, others run them down to the lowest rate. Digging gold is more like a lottery, than anything else. One concern will come in with $10,000, others with only $1,000.

Carpenters wages is from $12 to $16 a day, sailors $150, mates $250, captains $500 per month.

A terrible state of affairs exists here. Gambling is carried on to a vast extent and money is lost and won here, from 5 to $10,000 in a few hours. Drunkenness is here to any amount, but if a man is caught stealing, he has to take it, almost without judge or jury. There is considerable sickness here, fever and ague, dysentery, diarrhœa, &c., brought on by exposure and carelessness. Twelve died of scurvy, &c., on board ship Mayflower, of New York.— From what I have seen, I should think this place unhealthy, on account of hot days, and cold damp nights.

Those who go to the mines and work steady, and save their gold, are the ones that make the money. There are a large number of young men from the States, gone into the mines, who are no more fit for it, than our old *women* are to go into the logging swamp. Such get discouraged, and tell frightful stories.

I saw J. F. to-day. He had come from the mines, sick and discouraged, and still he told me he dug out of *one old root*, in one day, ten ounces of gold. I am going on the San Joaquin. Large companies dont do well here,— They break up and divide. About 50,000 persons in the mines, and the vast number coming here from every part of the world, will probably create a re-action, something like our bubble in 1835. A tavern on shore, not so good a building as *Low's mell shop*, rents for $160,000 a year, the lower part is a *gambling hell*, and the upper part for a hotel. I looked into one of those *hells* last Sunday, and found it in full blast; on the tables were probably 3 pecks of gold, and doubloons in any quantity.

As to what articles will pay best here, at present, house frames pay great profit. Lumber from $225, to $300 per M. Clothing, low. Building materials of all kinds are and must be high for a long time to come. Sashes are worth from 50 to 75 cents per light. Flour $10 per bbl. If I were in Bangor and had the means, I could load a vessel for this place, that would bring me more gold than you think for. Richmond's frame is worth $3000.

We are taking passengers for Stockton,— leave to-morrow. I can make money here, if I have my health. S.

Teachers' Institute—Penobscot Co.

WEDNESDAY—AFTERNOON.

Written Arithmetic is now resumed; and as the topic increases in difficulty, the interest becomes more general. That dissecting aspect of the Dr., brings Multiplication to its constituent parts, and renders Division necessary, so for a change, we proceed to an examination of Division. However, the most necessary contractions in Multiplication, were hunted out and demonstrated. In the examination of this topic, it was clearly shown, that Multiplication is, in fact, Addition. The result of the multiplication of units in the multiplier, and tens, hundreds, thousands, &c., in the the multiplicand is so evident by analysis, that it is easy to see why each partial product is placed one step farther towards the left. In Division, also, reasons are assigned for the several steps taken in the division of one number by another. And throughout the whole process of Division, principles are not assumed without illustration, but being assumed, they are carefully delineated. We are now able to see a reason for that, which before, was shrouded in mystery.

This, it is to be hoped, is the true object of Institutes, namely, to throw light upon science, and scientific principles. If this be the fact, can not opposition be withdrawn?

Recess of 10 minutes.

After recess, Mr. Fowle takes up the plan of teaching spelling. Teaching the Alphabet, has been a great difficulty for so small a matter, its very simplicity, rendering it intricate of explanation. The main feature in his method, is to a frequent use of the blackboard, requiring the children to print separate letters first, and then an entire Alphabet. Again familiar talk, respecting some common word or words containing one or more letters, to which their attention is directed, helps impress the sound upon the memory. The elementary sound of the letter, is then taught. In teaching spelling to older scholars, the system of writing out the lesson, is recommended, after that, correct the writing, and finally spell the lesson orally.

Recess of 10 minutes.

Dr. Rawson commenced a series of Lectures upon Physiology. This much neglected department of Education can be instructive to Teachers, and therefore beneficial to children, only as they acquaint themselves of its principles. In this introductory, the palpable defects of physical structure arising from misshapen school rooms, and ill-begotten fancies respecting description, were carefully examined, and improvements recommended. The pleasantry attached to these lectures renders them quite interesting.

WEDNESDAY—EVENING.

The Institute met for the purpose of listening to the Hon. E. M. Thurston, Sec. of the Board of Education. This lecture speaks for itself, and needs but a faint echo in this direction. It will be published in the Jeffersonian, and all those penurious souls, who regret exceedingly, the loss of money to the State in supporting Institutes, are referred to this document, for a balm to their wounded spirits. And may the elixir of decency, whip them into a better understanding of their privileges.

THURSDAY—MORNING.

The roll was called, most of the members answered to their names. Devotional exercises, and then a review of yesterday's lesson in writing the Alphabet and spelling. Considerable time was taken up by Mr. Fowle in printing an Alphabet. This might have been instructive to many, if patiently attended to.

Recess of 15 minutes.

Written Arithmetic. Topic, Reduction of Compound Numbers. First example in Sterling money. Reduction Ascending and Descending, discussed. Then addition of Compound Numbers. It was shown that Compound Numbers have a limit, Simple numbers no limited extent, that is, in simple numbers, the ratio is regular, but in compound numbers irregular.

Next exercise, continuation of spelling, by Mr Fowle. This was a ludicrous affair, and our risibles are not composed enough, to give even a faint idea of it. Come in gentlemen and ladies, and hear for yourselves. The fanciful part was followed by writing some lines with the intent to bring out good enunciation, as well as good spelling.

Mr Fowle will lecture on Friday evening.— Parents are invited to attend.

☞ The fire on Saturday night last, though only a small matter in reference to the whole city, yet proves to be of a very serious disadvantage to two of our citizens, Mr. Newell Page, and Mr. Joseph Bither. Mr. Page occupied a part of the second story as a joiner's shop. His tools were all destroyed, and a portion of his small stock burnt. The loss was perhaps only ninety or a hundred dollars, but it has taken the means by which Mr. Page obtained his daily bread. He is aged, and a little help to get up a set of tools would do a great good without being a heavy tax on any one.

Mr Bither is particularly unfortunate lately, and deserves some little help, all round. He has just recovered from sickness, during which his shop was robbed, and now the roof of the shop is burnt off. His case needs a little benevolent and kindly attention.

☞ The brig Two Friends, which left Panama April 20 for California, with 165 passengers, and was supposed to be lost, has been heard from. Some of her passengers arrived at San Francisco about the middle of September, and report, that after exploring the Pacific Ocean during a period of four months, about seventy of the passengers got out of patience, left the vessel, and reached the shore some 150 miles south of San Diego, whence they proceeded to San Francisco. When they left the ship all were in good health on board.

☞ The Washington correspondent of the N Y Commercial says that Mr Dickens has appealed from the decision of Mr Whittlesey, in the mileage case, to the Secretary of the Treasury, and laid before the Secretary his view of the case. Mr Whittlesey has made a report to the Secretary in support of his decision. It is said to be very voluminous and able, comprising some thirty or forty pages.

☞ Dates from Valparaiso to the 1st of Oct., state that great excitement existed in the Chilian Cabinet in consequence of a rumor that a party of Chilians had been killed by the Americans in California. The Chilians made immediate application to the British Admiral requesting him to protect them. The Admiral offered a free passage to those who wished to return, but could do nothing more.

More Light! We would direct the attention of our readers to the notice in another column stating the advantages of a new Candlestick, which enables every family to manufacture its own candles at short notice, and within the candlestick itself, it being a sort of self candle maker.

☞ The N. Y. Herald says that on Friday night at 10 minutes past 10 o'clock, two distinct shocks of earthquakes were felt in a retired part of the city, up town. The shocks were accompanied by a deep, low, rumbling sound.

The building occupied by the Register, Treasurer, and Judge of Probate as offices in Hillsdale, Mich was destroyed by fire 9th inst. All the papers in the Treasurer's office were destroyed.

The editors of New Hampshire, are to meet at Nashua, on Wednesday next, have an oyster supper, and agree upon a tariff of advertising.

☞ Thanks to Mr. Lowell, and Cushing, of the steamer Governor for papers received on yesterday in advance of the mail.

It is said that Mr. Clay will visit New York before he goes to Washington.

☞ Father Mathew, it is stated, is sick at the Irving House, in New York.

The American Art-Union,
Incorporated by the Legislature of New York, in 1840,
FOR THE
PROMOTION OF THE FINE ARTS IN THE
UNITED STATES,
Has already purchased about 400 *Paintings for distribution* for the present year, and the number *will be increased* as the subscription list advances. Among them are the works of Leutze, Durand, Huntington, Gray, Rothermel, Church, Bingham, Doughty, Morse, and other distinguished American and resident artists, some of which cost $1,500, $1,000, $650, and many $500 each. Also, *Sculpture* and *Bronze Statuettes*, by H. K. Brown, and *Medals* in honor of Trumbull.
Each member is entitled to THE ENGRAVING OF YOUTH, (23 by 15 3-4 inches) from the second of Cole's series, the *Voyage of Life*. A set of Outlines by Darley, illustrating WASHINGTON IRVING'S SLEEPY HOLLOW. The BULLETIN, a monthly publication on subjects relating to ART, and the VOLUME of TRANSACTIONS, besides the chance of obtaining a *painting* or other work of Art distributed at the annual meeting.
It is acknowledged by all who have examined the present collection, that none has ever been exhibited in America equally *rich in attraction*.
Subscriptions of membership, $5 —Received by
THEO. S. DODD, *Honorary Secretary*.
November 12, 1849. 2w

C. P. FESSENDEN'S
WRITING ACADEMY open day and evening, at *No 74 Main Street*. Mr. Fessenden, thankful for the flattering patronage bestowed upon him (and having located himself permanently in this city, as a teacher of penmanship) would solicit a continuation of the patronage of all those who wish to acquire an easy, rapid and graceful system of writing, fitted for the counting room, or for ladies in epistolary correspondence. Those wishing to fit themselves to teach, will be fitted upon reasonable terms.
Cards marked to order with neatness and despatch.
Terms—for 12 Lessons,—Gentlemen, $1,50. Ladies, $1 00. Payment in advance. 4m nov 2

TELEGRAPHIC

EXCLUSIVELY
FOR THE
WHIG AND COURIER.

New York, Nov. 16, 2 P. M.

Great preparations are making for the funeral ceremonies in honor of the departed warriors whose bodies were recently brought to this city.

The streets are full of strangers. The streets through which the procession will pass are dressed in black. The flags are half mast and everything has a solemn and imposing appearance.

New York Markets.

1 P. M.

In the Cotton market operators are awaiting the arrival of the steamer.

The Flour market is, without change; sales of 6000 bbls.

Sales of 8600 bushels wheat at previous prices.

Sales of 7000 bushels Corn at 63 cents.

Sales of 700 bbls Mess Pork at $10,75.

DIED:

In Kilmarnock, Oct. 9th, Charles Herbert, only son of Asa Getch II Esq, aged 3 yrs. 6 mos.

LIGHT.

SOMETHING NEW,
AND just the THING for every family requiring LIGHT; and so cheap, too, that every one, rich and poor, can buy it. It is a NEAT
CANDLESTICK!
Making and Wicking its own Candle, out of cold Tallow, Lard, or any Grease that will burn.
By simply turning the bottom of the Candlestick, a beautiful, hard, smooth Candle is forced out of the top, and at any desirable length you wish, from one inch to two feet high.
1. It is as neat and simple as a common candlestick consequently may be managed by a child.
2. By means of this, you convert all your refuse grease into candles, and thus obtain a light at from five to seven cents per week.
3. The wick is dry and smooth, thus no vibration or flickering of the flame, but burns like a sperm candle.
4. The wick may be changed without at all disturbing the candle; if too large, put in a small one; or too small, a large one.
5. You coil in the bottom of the candle maker, or candlestick, wick sufficient to last five or six weeks, where it remains out of sight, and out of the way.
6. You may keep your candle at the same height all the time for ten years,—no stumps or pieces left.
7. Requires replenishing with grease or tallow, once a week!
8. No spilling of grease if it falls or turns over, but as neat and cleanly as any lady could desire.
9. It cannot get out of order.
10. In proof of their superiority, utility and neatness, the immense number sold is sufficient. The price is uniform and the same all over the United States; and the article requires only to be seen to convince the most incredulous of the foregoing facts. No family will be without them who can scrape together the small price asked.
The complete Monopoly of this article for sale for this County
EZRA CLARK, Portland,
Proprietor for Maine.

First Cabin $200
Second do 150
Nov 13 1w C COOPER & CO

FOR CALIFORNIA.
DESPATCH LINE
A RARE CHANCE FOR PASSENGERS

The superior fast sailing ship PHOENIX ... tons will sail on or about the 15th of November. The Phoenix is now fitting up in an elegant manner for the accommodation of passengers. The ship has entire between decks fore and aft—ventilation from both sides and aft.
The Phoenix will be provisioned with the best the market affords. The first cabin has large and spacious state rooms connected with the first cabin for accommodation of gentlemen with their ladies—several of the state rooms are already taken by gentlemen with their wives.
The master of this vessel has had great experience, having been around Cape Horn several times. The Phoenix has been pronounced by experienced ship owners, to be one of the best ships that has sailed from Boston harbor.
She is built of white oak, coppered to her bends and copper fastened.
There are many advantages to be derived from a voyage round Cape Horn at this season of the year, the months of January and February (being the time in which this vessel will arrive there) corresponding to our summer months. Everything about the ship is arranged for the comfort and convenience of passengers. Persons desirous of availing themselves of this rare opportunity are desired to make early application to ensure choice of berths.
The Phoenix being a first class ship is insured at one of the best Offices in State street, consequently those desirous of making shipments can get their goods fully insured.
Price of passage $150.
For freight or passage apply to
C B CHADWICK
Office 103 State street
This ship goes out consigned to a long established house in San Francisco, and offers a rare chance to persons desirous of making shipments
oct 29 ...

GREAT COUGH REMEDY

AYER'S
CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

THIS truly valuable Remedy for all diseases of the Lungs and Throat has become the chief reliance of the afflicted as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of Consumption it is also in diminished doses one of the mildest and most agreeable family medicines for common coughs and colds—Read below the opinion of men who are known to the world, and the world respect their opinions.

PROF CLEAVELAND of Bowdoin College Maine
Writes—"I have witnessed the effects of your Cherry Pectoral in my own family and that of my friends and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

REV DR OSGOOD
Writes—"That his daughter after being obliged to keep the room four months with a severe settled cough accompanied by raising of blood night sweats and the attendant symptoms of Consumption, commenced the use of the Cherry Pectoral, and had completely recovered, also that he considers Cherry Pectoral the best remedy for pulmonary complaints ever given to the public."

DIRECT EVIDENCE
Springfield Nov 27 1848
Dr Ayer Dear Sir—For two years previous to the 1st of November 1847 I had been reduced very low with a very severe cough, accompanied by spitting of blood and profuse night sweats. By the advice of my attending physician I was induced to use your Cherry Pectoral and continued to do so till I consider myself cured, and ascribe the effect to your preparation. JAMES RANDALL
At the office of Hon Geo Ashmun, from Long Springfield Mass

DR PERKINS President Vermont Medical College
One of the most learned and intelligent physicians in the country considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

The Canadian Journal of Medical Science
States that "the prevailing Asthma of this inclement climate has yielded with surprising rapidity to Ayer's Cherry Pectoral, and we cannot too strongly recommend this skilful preparation to the Profession and public generally."

From the "LONDON LANCET"
"Ayer's Cherry Pectoral is one of the most truly valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."

Another Life Saved.

Read the following letter from a Clergyman of Camden Me, to the Editor of the GOSPEL BANNER —

DOWN'S ELIXIR—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state through the Banner that in my sickness last winter and spring I received very great benefit from the use of N H DOWN'S ELIXIR

I had been troubled some weeks with a severe cold which so affected the vocal organs that it was with great difficulty I discharged the duties of my office My cold continued until I was completely prostrated by bleeding, which created a dry hard cough My appetite failed, my strength wasted, and my flesh disappeared Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary and also contracting the very organs that should be relaxed I used other kinds of patent medicines, but with no good effect I soon weeks I continued gradually to sink and my disease at th extremity of which I was extremely weak my skin dry and husky, and my feet and hands cold most of the time I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach My tongue was coated with a thick white fur, bowels very irregular and costive hectic fever night sweats, dry hard cough difficulty of breathing and low spirits My stomach at this time was so sore that I walk with difficulty I could stand erect. This was my situation when I commenced the use of N H DOWN'S ELIXIR — And to my great joy, and the joy of my friends, I found that in a few days it had regulated my bowels equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks which entirely removed the soreness and weakness from my stomach gave me a good appetite, and greatly improved my strength I continued its use six weeks using six bottles at which time I was able to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in *colds*, and in a case of *measles* and it has proved as it is recommended to be

I therefore *cheerfully* recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended Yours truly, J L TUTTLE

Camden, August, 1849

Facts deduced from the foregoing letter

1st Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty

2d It is perspirant It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles, and proves "ALL IT IS RECOMMENDED TO BE."

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G W LADD CURTIS & PERKINS A P GUILD WM MANN, G McFARLAND Bangor, L & Smith J W Curtis & Co Hampden Chas Johnson, J B Chick, Frankfort H P Fifield Bucksport, J. The beauty and superiority of this Sarsaparilla over all other medicine is while it eradicates disease it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

ever known it not only purifies the whole system and strengthens the person but it *creates new pure and rich blood*, a power possessed by no other medicine And in this lies the grand secret of its wonderful success — It has performed within the last five years, more than 100,000 cures of severe cases of disease at least 15,000 were considered incurable It has saved the lives of more than 5,000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system lassitude, want of ambition fainting sensations, premature decay and decline hastening to that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c, have been and can be cured.

SPITTING BLOOD

New York, April 28 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catherine-st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr. Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13, 1847

Dr. Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we bought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of *nature*—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is the reason why the southern, and especially the Spanish ladies are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females, &c, &c*, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have since the great success of Dr Townsend's Sarsaparilla in complaints incident to females recommended theirs, although previously they did not A number of these Mixtures, Pills, &c are injurious to females, as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house unprecedented

THREE CHILDREN.

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from Physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

H P PULING M D, J WILSON M D, R B BRIGGS, M.D., P E ELMENDORF M D.

Albany, April 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles and some of them have stole and copied our advertisements—they are worthless imitations and should be avoided

NEW AND

Important Discovery

GRAY HAIR can be restored to its original color, whether Auburn Brown or Black Sandy Light or Red Hair can be matched with any darker shade, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original hair, by using O M Ballard's

Permanent Liquid Hair Dye,

Of one preparation which is entirely different from all other preparations of Hair Dye now before the public It is free from all injurious properties which can be tested by taking a lock of the finest and most delicate Hair of an infant, and color it with this Dye, which will not impair its gloss or its texture in the slightest degree, which is the best evidence which can be given that it is not injurious On the contrary, it improves the lustre of the Hair, promotes its growth, and prevents it from falling out and unlike other preparations after the Hair is colored and dry, will not crock, fade, or wash out

In short from its peculiar delicacy softness, and easy application, it is worthy the attention of all who may wish to improve the color of the Hair as it will make any shade from a white to a jet black It is now used to an unaccountable extent by persons who have prematurely turned gray and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn Brown or Black, without any additional preparation or the slightest trouble

McKENNEY'S COSSACK SALVE!!

An invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments and Panaceas," that are now advertised as the "*most effectual*" and "*certain cures*" for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated, we do not and shall not call to our aid the empty "*puffing of the Press*," or the "bought certificates" of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates.—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six boxes, which entirely cured me, and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY.

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATH N McKENNEY'S SALVE, which effected an entire cure in less than two months.

SIMEON MARSTON

Gray, Mar 11, 1846

BANGOR, June 5, 1846.

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article I also made application of it in cases of Cuts, Sprains and Bruises upon my cattle, and found it equally beneficial It can truly be called the All-Healing Salve

THE SICK!!

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines,

Used by Physicians of high Standing

Prepared by STEPHEN JEWETT, son of the late *DR STEPHEN JEWETT of Rindge, N H*

IT is not pretended that ANY ONE of these Medicine will RELIEVE OR CURE EVERY DISEASE ALL REASONABLE PERSONS KNOW NO SINGLE ARTICLE CAN ACCOMPLISH SUCH RESULTS But it is TRUE FAITH of these medicines by thorough trial, will be pronounced to have NO SUPERIOR OR EQUAL FOR RELIEF and PERMANENT CURE of those diseases for which they are recommended,—as they have been tried, and proved by their continued use for the last fifty years by NUMEROUS FAMILIES and PHYSICIANS to be "TRULY FAMILY MEDICINES" and pronounced to be ALL the MEDICINES ANY PERSON or FAMILY can require, unless in very extraordinary cases Their power over disease has not *been excelled—if equalled*—as numerous cures attest, where skillful physicians have failed to produce relief

ALL CAN BE CURED, WHO WILL USE THEM AS DIRECTED, IF WITHIN THE POWER OF MEDICINE

Dr. Stephen Jewett's Celebrated True Health Restoring Bitters

These Bitters remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, cure diseases that already exist, fortify the system against all future disease, can be taken with safety—at no time debilitating the patient being grateful to the most delicate stomach, and remarkable for CHEERING INVIGORATING, STRENGTHENING and RESTORATIVE PROPERTIES an invaluable and sure remedy in

Liver Complaints, Jaundice,

Dyspepsia, Flatulency or Wind, Costiveness, Faintness, Pain in the Side, Bone or Joints, Disorders of the Skin, Liver and Kidneys, Relaxed Bowels, Loss of Appetite, Unnatural Appetite, Sleeplessness, Depression of Spirits, Pales Humors, Worms, Sinking and Fullness or Weight at the Stomach, Nervous Headache, and every form of Indigestion, Nervous Irritability Giddiness, Drowsiness, Wandering Pains Palpitation of the Heart, Scrofula St. Anthony's Fire, Salt Rheum Canker Cancerous Sores Incipient Consumption, and all other diseases, caused by an impure state of the Blood Liver &c, or which tend to debilitate and weaken the system

To FEMALES who suffer from a Morbid and Unnatural Condition, and who seem threatened with CONSUMPTION, this is a Medicine of Inestimable Value. It is an *Excellent Remedy* in SUMMER COMPLAINTS, and a *Great Preventive* of FEVERS

Dr Stephen Jewett's highly Celebrated Pulmonary Elixir.

This Elixir contains many of the most highly approved, cough or expectorant medicines, recommended by the United States, London, and Edinburgh Colleges of Health, but being peculiarly and fortunately combined, is truly wonderful in it good results *Particularly should this Medicine be in every Family where there are CHILDREN* as the delay incident to procuring a Physician has often proved fatal to those whom *timely assistance would have SAVED*

This Elixir will prove itself to exceed any thing, as a sure remedy in

Consumption of the Lungs Coughs, Colds, Sore Throat, Influenza, Asthma, Bronchitis, Quinsy, Croup, Whooping Cough, Difficulty of Breathing, Pains in the Side or the Breast, Soreness of the Chest Distress when lying upon the side, producing Choking, or sense of Suffocation, &c, &c

Dr Stephen Jewett's Justly Celebrated Strengthening Plaster.

This Plaster is composed of quite a number of vegetable substances, peculiarly compounded—There never has been, and there is not at the present time, a better plaster made, for the various purposes for which plasters are used It HAS NO SUPERIOR for removing

Pain, Internal Inflammations,

Rheumatism, Gout, Swollen or Weak Joints Limbs or Cords, Lameness, Cramps, Pains or Weakness in the Side, Back or Breast, Weak Stomach, &c, &c, and when used in

LIVER AND PULMONARY DISEASES,

will prove very beneficial to those suffering with such complaints

Extract from a letter of an eminent physician in Worcester Co, Mass, a member of the Massachusetts Medical Society

WINCHENDON, Jan 16, 1849

"Dr Stephen Jewett

Dear Sir,—I have used your *Health Restoring Bitters* in my practice, and have found them very serviceable in *Dyspepsia, Humors General Debility*, and particularly in *Habitual Costiveness* I consider it one of the best remedies in use Yours, &c,

IRA RUSSELL, M D"

From one of the most eminent physicians in the State of New Hampshire

TEMPLE, N H, Jan 17, 1849

"Dr S Jewett

Dear Sir—I have examined your *Pulmonary Elixir* and am well satisfied that it is *fit*. *the full confidence* of the community, as being what it purports to be, an efficient and *safe* remedy for *all* the diseases to which the respiratory organs are subject It may be used with much more *safety* than almost any other article offered for this purpose, inasmuch as the danger of improper action of those organs, the frequent and legitimate result of most other remedies of the class by reason of *their opiate character, as, by this, entirely obviated*.

The physician who should meet with it in families, would find it a *ready assistant*, by which his own labor in the dispensation of medicine would be obviated, and his efforts for relief essentially aided.

With much consideration your obed't servant

N KINGSBURY, M D"

See what a very celebrated merchant and well known insurance agent says

PORTLAND, Me, Apr 24, 1849

Dr Stephen Jewett

Sir —Having used your *Health Restoring Bitters* and *Pulmonary Elixir*, to a considerable extent, in my family for the past winter, I would beg leave to bear testimony as to the efficacy of those medicines, the former for *restoring loss of appetite, for headache, languor*, and *general debility*, the latter for *coughs and sore throat*.—In fact, I think *no family should be without those restoratives always at hand*, thereby frequently *superseding the necessity of* calling in a *physician*

Your ob't serv't, CALEB E CARTER

†From George W McLellan, Esq, formerly a distinguished citizen of Maine now of the city of Boston

BOSTON, Mass, May 3, 1849

Dr. Stephen Jewett

Sir—I have used your *Pulmonary Elixir* in my family for a year or more, and it has proved *decidedly the best cough medicine I have ever known* I therefore most heartily recommend it to all who may require such a medicine Respectfully yours,

GEO W McLELLAN.

DR. CHRISTIE'S GALVANIC BELTS BRACELETS, NECKLACES, —AND— MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians both in Europe and the United States to be *the most valuable medicinal discovery of the Age*

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

[illegible]

A Derangement of the Nervous System

☞ In NERVOUS COMPLAINTS Drugs and Medicines increase the disease for they weaken the vital energies of the already prostrated system [illegible]

The great peculiarity and excellence of

Dr Christie's Galvanic Curatives,

[illegible]

60,000 Persons

[illegible]

ENTIRELY AND PERMANENTLY CURED

when all hope of relief had been given up, and every thing else been tried in vain

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization DYSPEPSIA, or any other Chronic or Nervous Disorder In ordinary cases stimulants are taken, which, by their action on the nerves and muscles of the stomach afford temporary relief, but which leave the patient in a lower state, and with injured faculties after the action thus excited has ceased Now compare this with the effect resulting from the application of the GALVANIC BELT Take a Dyspeptic sufferer even in the worst symptoms of an attack and simply tie the Belt around the body using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Certificates and Testimonials

From the most Respectable Sources

Could be given sufficient to fill every column in this paper! We make a few selections The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrates one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SIDNEY, New Jersey July 1 1848

Dr A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follow

For a out *twenty years* I had been suffering from Dyspepsia Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever My physicians were skillful and excellent men, but here their power failed About *fourteen* years since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to a severe Chronic Rheumatism which for years after year, caused me indescribable anguish In the severer paroxysms the skill of my physicians sometimes afforded me great relief, but this relief was only temporary Further in the winter of '45 and '46 in consequence of preaching a great deal in my own and various other churches in this region I was attacked by the Bronchitis which soon became so severe as to require an immediate suspension of my pastoral labors *My nervous system was then thoroughly prostrated*, and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System My sufferings were indescribable and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors in which [illegible] the highest of her joys

But to coming from effect to cure I concluded that the *Nervous System* must be reached [illegible] only hope could be indulged of my obtaining relief from these most distressing maladies In the whole [illegible] which could reach and recuperate my [illegible] I had tried for this purpose [illegible] failed At last I was [illegible] friends to examine your inventions and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the MAGNETIC FLUID This was in June 1848 TO MY GREAT ASTONISHMENT IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME If time permitted I could fill a sheet of paper with the details of part sufferings but I can now only furnish this brief abstract My Dyspepsia has *never returned* the Rheumatism once in a while visits me but not severely and is easily arrested and is manifestly being driven from its hold upon my system and my B[illegible] affection is *entirely cured* Such is the wonderful and happy results of the experiment

I have recommended the BELT and FLUID to many who have been likewise suffering from nervous affections They have tried them WITH HAPPY RESULTS I BELIEVE IN EVERY CASE

I am, dear sir, very respectfully yours

ROBERT W LANDIS
